

## AC Students Excelled by Receiving ACCA Hong Kong Top Achievers Awards and Outstanding CE Student Awards

Every year, the Association of Chartered Certified Accountants (ACCA) hosts the ACCA Hong Kong Top Achievers Awards Presentation to recognize and celebrate the outstanding achievements of students. The Department of Accountancy (AC) is delighted that AC students have won ACCA Top Achievers Awards for two consecutive years. This year (2019–20), 2 of the 30 awardees were from our Department: Ms. Yiran Hao (2017 Cohort) and Ms. Huen Ting Alice Lam (2014 Cohort).

Furthermore, two AC graduates received “Outstanding CE” student awards, Ms. Alice Lam and Mr. Guangchen Xu (2015 Cohort). The Conditional Exemption (CE) program is a fast-track program that allows undergraduate and postgraduate students to sit the ACCA professional exam before graduation. The award aims to recognize students who have displayed outstanding performance in the ACCA Conditional Exemption program and who have successfully completed all ACCA Strategic Professional Level Exams in less than 2 years.

To maintain social distancing, the ACCA held a scaled-down Celebration Reception on 14 November (Wednesday) to award the ACCA Top Achievers for the September 2019, December 2019, and June 2020 exam sessions. Our Senior Teaching Fellow, Mr. David Yip, who advises our AC students, represented the Department at the Awards Presentation to witness the students’ achievements.

ACCA has released a video of highlights of the event and some photos of our students on social media ([Link](#)). Please enjoy!
